

ELIXIR

● SUMMARY

PROTECTIVE BRIGHTENER HYDRO/OIL RESISTANT FOR SUEDE LEATHERS, NUBUK, BUCKSKIN, FLESH SPLIT, FULL GRAIN LEATHERS AND FABRICS

● CHARACTERISTICS

ELIXIR is a water base emulsion of waxes and oils, specially suitable for protection and finishing of suede/rough leathers and full grain leathers: it gives an excellent water and oil protection.

ELIXIR is indicated for every articles (shoes, bags, accessories, soles, etc.). The articles treated by **ELIXIR** look more finished and tidy with a more vivid and intense colour tone (this characteristic is very appreciated to equalize little colour differences inevitably aroused during working and lasting process) and it significantly improves the resistance to stains and dirty.

Thanks to its hydro/oil resistant characteristics, **ELIXIR** has an extremely efficient use on suede/rough leather and nubuk; furthermore it is also suggested for very delicate full grain leathers (like buckskin, ostrich and all soft nappas), for elastic articles and fabrics (as satin and similar items).

ELIXIR is a protective finishing essential when water and oil resistance becomes a quality requirement.

● APPLICATION

- Remove dry dirty from leather
- apply **ELIXIR** by spraying gun, nozzle diameter 0.5 - 0.7 – pressure 3 - 3.5 ATM. It has to be well vaporized
- uniformly spray the product with a distance of approx. 10 - 15 cm, trying to not soak too much the upper
- application has to be done by repeated horizontal homogeneous pass
- the product dries in few minutes and the article can be placed in the box

On full grain leather and leather, elastic and tissue it is possible to apply **ELIXIR** 37900 by sponge:

- remove dry dirty from leather
- apply **ELIXIR** by synthetic sponge
- the product dries in 5-10 minutes and the article can be placed in the box

This information is to the best of our knowledge true and accurate. However, all recommendations or suggestions are made without guarantee, since the conditions of use are beyond our control.

ELIXIR

● *SUMMARY*

PROTECTIVE BRIGHTENER HYDRO/OIL RESISTANT FOR SUEDE LEATHERS, NUBUK, BUCKSKIN, FLESH SPLIT, FULL GRAIN LEATHERS AND FABRICS

Note:

ELIXIR gives immediately its protective effect and after few minutes from its application the article can be handled and placed without any problem. **ELIXIR** will definitively develop all its efficiency after 24 hours from application. On very absorbent leathers (like full grain nappa, pekary and very exposed flesh split) it is possible to apply two hands of product: it is no necessary to let dry between the two consecutive applications.

● *CONSUMPTION*

Man: 6-7g per pair

Woman: 5g per pair

● *COLOURS*

37900 Colourless

● *SOLVENTS*

Use **WATER** for washings

● *PACKING*

Bucket of Kg. 5 - carton of n. 4 buckets

● *STORAGE*

Shelf life: about 24 months if stored in well closed original packings in a dry and airy place.
Keep from freezing and extreme heat.
