

TOLEDO SUPER

-
- **SUMMARY** **SPECIAL TRANSPARENT FINISHING FOR SHOE AND LEATHER INDUSTRY: ITEMS IN CHROME, MIXED OR VEGETABLE TANNED LEATHER, WOODEN AND CORK WEDGES-HEELS-SOLES**

 - **CHARACTERISTICS**

Transparent finishing with very high seizing power. It dyes the leather, maintaining its softness and giving an “ aniline leather “ effect.
Drying at 20°C 6 minutes
We inform the customer that some discolouring inconvenient may be faced. If it happens we suggest to dip the item dyed by **TOLEDO** into **FISSANTE 32904** product.
 - **APPLICATION**
 - Dyeing of above mentioned materials can be done by spraying, by pad or by dipping
 - it is possible to dip into **TOLEDO SUPER** the finished shoe/sandal in order to obtain the upper, insole and wedges contemporaneous dyeing
 - drying times can be reduced using an hot air oven
 - for industrial productions we suggest to use the automatic dipping machine produced by “ MET “ located in Gropello Cairoli
 - **COLOURS** See the color swatch
 - **SOLVENTS** Use **SOLVENTE 31701** for dilution and washings
 - **STORAGE**

The expire date of the product shown on the label is valid for products if kept away from direct heat and cold and at standard storage conditions (minimum temperature 4°C to maximum 40°C).
Exceeding the expiration date does not necessarily mean that the product no longer meets the specifications or values set.
However, before using this product after the expiration date, Kenda Farben recommends checking whether it still meets the reference specifications or values. Kenda Farben will not be in any way responsible for failure to comply with specifications or values set after the deadline or due to incorrect storage that can shorten the life of the product.

This information is to the best of our knowledge true and accurate. However, all recommendations or suggestions are made without guarantee, since the conditions of use are beyond our control.
